

Jennifer is a freelance illustrator and animator from Victoria, Australia. An ambitious and passionate worker, she takes pride in her organisational skills and is at her happiest when she has a big project to work on, whether it's in a solo role, leadership role, or as a support role for her team. She also sells her works through art shows, market stalls, and an online shop, maintaining her social media presence to engage with her audience and have a casual platform to showcase her works. Jennifer is always eager to learn new skills to improve her work and work methods, and to provide fresh perspective and inspiration for new projects.
